THE ARCS Electrophonic Chronic

**** Bonus magnet with either format, while stocks last ****

In 2015, Dan Auerbach entered the studio with Leon Michels, Nick Movshon, Homer Steinweiss, and the late Richard Swift (who passed away in 2018) to record The Arcs' debut album Yours, Dreamily in a handful of freewheeling sessions over two weeks. Now, more than 7 years later, those same sessions became the bedrock on which the surviving members fleshed out the anticipated follow-up album, Electrophonic Chronic, a collection of psychedelic rock, gritty funk, and heady, soulful grooves.
