JOHANN JOHANNSSON Drone Mass (DEUTSCHE GRAMMOPHON)

Previously unrecorded Drone Mass was described by its composer, the late Jóhann Jóhannsson, as “a contemporary oratorio”. Written for voices, string quartet and electronics, it was commissioned and premiered by the American Contemporary Music Ensemble, aka ACME, who toured and recorded with Jóhannsson for almost ten years. Now they have made the world premiere recording of this richly atmospheric work, in collaboration with Grammy Award-winning vocal ensemble Theatre of Voices, conducted by Paul Hillier, also a multiple Grammy Award-winner.
