### LATE ARRIVALS FROM 9/9/22 NOW HERE!

**AGITATION FREE Last Fragments, Live '74 Plus Bonus DVD (Live At Kesselhaus)**

Looking back, it's evident that the Agitation Free was one of the most important bands of the experimental circle known as the "Berlin School", and a career springboard for a whole slew of musicians. At the same time, this policy of changing personnel also meant risking that the band couldn't keep itself together over the long run.

- 3CD + DVD £21.99

**BLACK UHURU + SLY & ROBBIE Taxi Trax**

Compiling singles released on Sly and Robbie's magnificent Taxi label during that 1977-80 period. Along with Reggae anthems like "Abortion" or "Guess Who's Coming to Dinner", Taxi Trax contains several rarities and singles previously unreleased outside Jamaica: covers of Bob Marley's

"Sun Is Shining", Dawn Penn's "No No No" or the unexpected "Aquarius", fully appropriated by Black Uhuru from the 5th Dimension's original.

- 2LP £29.99

**CARIBOU Andorra (15th Anniversary Edition)**

- White LP + MP3 £22.99

**CATHERINE GRAINDORGE FEAT. IGGY POP The Dictator (Glitterbeat Records)**

A thrilling collaboration between the acclaimed Belgian composer / instrumentalist Catherine Graindorge and the ever-iconic Iggy Pop. Haunting string and electronic textures melding with Iggy's baritone, cautionary tales. A deep dive into the heart of these unsettled times. Together, they've forged a meeting of minds and spirits that's resulted in the "The Dictator," an EP that combines their talents: her music, his voice.

- LP £15.99

## **ROLAND KIRK Here Comes The Whistleman (Modern Harmonic)**

Sightless, peerless, multi-instrumentalist, Roland's Kirk's 1967 debut for Atlantic is a monster of a live set from '65 featuring pianists Lonnie Liston Smith and Jaki Byard, bassist Major Holley and drummer Charles Crosby - all put to tape in Atlantic Studios NYC. Cut all analogue, pressed on orange vinyl.

## **THEE SACRED SOULS Thee Sacred Souls (Daptone)**

Hints of Chicano, Philly, Chicago, Memphis, and even Panama soul turn up here, and while it's tempting to toss around labels like "retro" with a deliberately analog collection like this, there's also something distinctly modern about the band that defies easy categorization, a rawness and a sincerity that transcends time and place.

- CD £10.99

- Orange Dream 2LP £29.99

## **SUN RA Ra To The Rescue (Modern Harmonic)**

One of the rarer albums in the Sun Ra canon entered our orbit in 1983, mystifying listeners and confounding Ra fanatics with the minimal info on the Saturn pressing. Recorded at several locations over several years (inc. legendary avant-garde arts enclave, the Squat Theater in NYC), the tracks here include everything from Ra's sci- f synthesizer insanity, Marshall Allen's skronking sax, an excellent Arkestra vocal track 'They Plan To Leave,' and so much more
