FRANCIS OF DELIRIUM Lighthouse

A restless energy and desire to connect with the listener lies at the core of the project, with Jana's personal lyrics being underpinned by a fierce rock sound that is as liberating as it is intense. Hailed as a Gen Z'er excitingly redrawing 90s classic indie rock (unsurprising given her chief collaborator Chris Hewett hails from Seattle and is three decades her senior) a deep admiration for contemporary acts such as Car Seat Headrest, Japanese Breakfast, Mitski, Phoebe Bridgers and Sufjan Stevens is also abundantly clear.

CD £11.99 // **DINKED EDITION Olive Green & White swirl LP** w/ Alt. artwork + lino print design by Jana + signed postcard + Bonus CD compilation (8 catalogue tracks & an acoustic version of 'Real Love') Numbered edition of 400 £24.99

PUSSY Pussy Plays Again

After 55 years, the follow-up album to that hugely iconic British Psych album is here. The original Pussy drummer Steve Townsend and ex-Iron Maiden guitarist Bob Sawyer, along with friends Paul Jackson and Rick Cullen, came together for the follow-up album 'Pussy Plays Again'. The recording techniques were basic, the sound is lo-fi, and where this is less than perfect, we believe the quality of the music itself and the imagination and creativity shine through.
